E-TYPE ANNIVERSARY

The Elkhart Lake Vintage Festival is one of the top vintage races in the country. It brings in over 300 race teams from throughout the United States and several foreign countries. The event is held Sept 17th thru 19th. There is racing all three days. The race groups span cars from prewar to Formula 1. This years Honored Guest is Peter Brock. The feature marques will revolve around Peter's history in the industry. The first feature is the 2.5 Liter Trans Am Challenge. The second feature will be the Peter Brock All American Challenge. This is to honor Peter's involvement in the Shelby Cobras and the design of the 1963 Corvette.

We will be honoring the 60th anniversary of the E-Type and the 50th anniversary of the V12 engine. There will be a display area in the center of the race paddock to display E-Types. There will be another area in the paddock to display other Jaguars. There will be some Cobras and Corvettes that will also be on display to honor Peter's accomplishments.

Other activities include touring of the track during lunch time. This is available on Saturday and Sunday. Road Course Reenactment is a police led tour of the original street race course of 1952. It is one of two roads listed on the National Historic Register. This happens Saturday afternoon. The tour ends on Lake Street in Elkhart Lake, this was part of the original race course. The street is closed and the tour becomes a car show that ends at 5:00 PM.

The Gather on the Green at the Osthoff will have live music playing and adult beverages available. The Concours ends before 7:00PM when awards are given out by Peter. The banquet begins after which Peter will speak.

There will be a luxury box available for Jaguar Club members to use all day on Saturday. The tentative plans are to have Peter make a special stop at the suite just for Jaguar Club members. There will be a non JCNA judging of the E Types on display Saturday morning. Special awards will be given.
